

Holland

If you like Bailey's; You'll love this wine!

**The great taste
of
Dutch chocolate
and
fine red wine**

Gluten Free

**The Great taste of Dutch chocolate and
fine Cabernet wine.**

ChocoVine is a fine French Cabernet subtly combined with a rich dark chocolate from Holland, paired together to create a decadent, silky smooth drink. It can be served on the rocks or as the main ingredient to an array of sinful cocktails.

ChocoVine is blended in Holland by Team Products, a division of Dekuyper, one of the oldest and most respected cream manufacturers in the world. Chocolate and wine can be paired in a way that features the best and the most interesting aspect of each flavor profile.

After years of research, however, the perfect union of wine and chocolate is not only a reality but the outcome is a true match made in heaven! With ChocoVine, the two concepts are blended to perfection to create bliss.

Additionally, not only is wine and chocolate a tantalizing blend for its sensational taste, but research shows that they are both rich in antioxidant, making it a healthy combination as well.
